Product Description

Ford Transit 10-15 Seat Diesel Front Rear Drive 4x2 Premium Bus (Manual/Automatic)

A medium-sized gasoline bus is a medium-sized passenger vehicle suitable for urban traffic and short-distance passenger transport. Here is an introduction to this gasoline bus:

Body and seating capacity: Medium-sized gasoline buses usually have medium-sized bodies that can accommodate about 10 to 40 passengers. They are more flexible than large buses and are suitable for driving and stopping on city roads.

Engine performance: This type of gasoline bus is equipped with an efficient gasoline engine that provides moderate power and torque to meet the needs of urban traffic and short distances. Gasoline engines generally have lower noise and vibration levels and are more environmentally friendly.

Comfort and amenities: Medium-sized gasoline buses focus on passenger comfort and convenience. They are usually equipped with comfortable seats, air conditioning systems, entertainment facilities such as sound systems and displays, and luggage storage space. These facilities ensure that passengers enjoy a comfortable and enjoyable experience during their journey.

Safety performance: Medium-sized gasoline buses pay attention to passenger safety. They are usually equipped with advanced safety equipment such as seat belts, emergency exits, non-slip floors, fire protection systems, and emergency braking systems to ensure the safety of passengers.

Urban traffic and short-distance applications: Medium-sized gasoline buses are suitable for urban transportation and short-distance passenger transport. They are often used in urban buses, school buses, tourist buses, enterprise shuttles and other occasions to meet the daily travel needs of passengers.

Vehicle technical parameters		
1	Body dimensions (L×W×H) mm:	5998×2068×2485(mid-top), 2775(high-top)

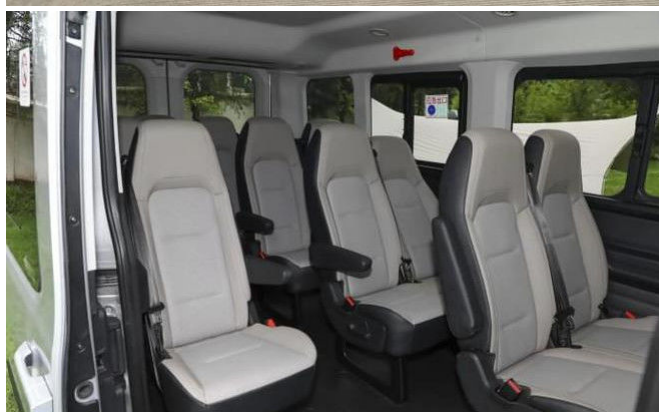

Our Product Introduction

2	Engine manufacturers	Jiangling Motors Co., Ltd
	Vehicle manufacturer	Jiangling Motors Co., Ltd
3	Wheelbase mm:	3750
4	Total mass of the vehicle with full load kg:	4100
5	Vehicle curb weight kg:	2820
6	Suspension system	Front overhang MacPherson independent suspension,
7	Approach/departure angle	The rear leaf spring is not independently suspended
8	Front overhang/rear overhang mm	19/19
9	Shaft load	1023/1225
10	Number of axes	1815/2285
11	Fuel	2
12	Number of spring pieces	9.3
13	Number of tires	-/3
14	Front track/rear track	4
15	Turn to form	1734/1759
16	Minimum ground clearance mm:	steering wheel
17	Minimum turning radius m:	187
18	Fuel type:	6.45
19	Fuel tank volume (L):	diesel fuel
20	Engine model	80
21	How it works:	DURATORQ4D236H
22	Exhaust volume ml:	L in-line, four-cylinder, supercharged intercooled, direct injection, high-pressure common rail, 16-valve
23	Rated power kW(hp)/rpm:	2296
24	Maximum torque Nm/rpm:	128/3250
25	Emission standards:	395/1500-2500
26	Drive mode	National Six
26	Transmission:	Front and rear drive
28	Maximum speed km/h:	6-speed manual/automatic
29	Tire specifications and models	160
30	Braking system	235/65R16C
31	Environmental protection according to standards	Front disc back disc
32	Rated passenger capacity (including driver)	GB17691-2005 (China VI.), GB3847-2005
Main configuration of the vehicle		
33	All-metal enclosed load-bearing body, the exterior color of the car is white	
34	ABS8.0+EBD,ESP	
35	Manual mirrors	
36	Black halogen headlights	
37	Middle door on the car pedal	
38	Front air conditioning	
39	Central lock	
40	Cloth seats	
41	Full-vehicle steel wheels, full-size steel tires	
42	Front power doors and windows	
43	Driver's seat (main) airbags	
44	Key fob	
45	Original cab heating and cooling system	
46	Bumper of the same color	
47	Body metallic paint	
48	High brake light	
49	Multifunctional cab storage compartment	
50	Full car seat belts	
51	The seat backrest is adjustable	
52	Reversing radar	
53	fire extinguisher	
54	Easy backup tool	
55	Dashcam
