

Double Row Diesel Cargo Truck Front Rear Drive 4x2 5 Persons Manual Transmission

Our Product Introduction

for more products please visit us on vehicle-automobile.com

Basic Information

- Place of Origin: China
- Brand Name: Fushunt
- Model Number: Double row cargo truck 5 persons diesel front rear drive 4x2 manual transmission
- Minimum Order Quantity: 1 vehicle
- Price: \$20,000-\$30,000Dollar
- Packaging Details: Complete vehicle
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 1000 vehicle

Product Specification

- Interior Features: Air Conditioning, Cruise Control, Power Windows
- Safety Features: ABS, Traction Control
- Suspension: Air Suspension
- Transmission: Automatic
- Highlight: **Double Row Diesel Cargo Truck, 4x2 Diesel Cargo Truck, Manual Transmission Cargo Truck**

Product Description

Double row cargo truck 5 persons diesel front rear drive 4×2 manual transmission

A small cargo truck is a compact and versatile commercial vehicle designed for transporting small loads and goods. This type of truck is commonly used in urban logistics, delivery services, and small-scale transportation operations.

A small cargo truck typically features a compact body design, allowing for better maneuverability and handling in busy city traffic. It usually has an open cargo area that can be loaded and unloaded as needed. The cargo area can be customized based on specific requirements and the type of goods being transported, such as adding cargo compartments, shelves, and secure fixtures to ensure the safe transportation of goods.

These trucks are typically powered by efficient gasoline or diesel engines to provide sufficient power and torque for the transportation of goods. The engine is often paired with a manual or automatic transmission to deliver the appropriate driving force and fuel efficiency.

Small cargo trucks are equipped with well-designed suspension systems and stability control to ensure smooth driving and handling on the road. They often have braking assist systems such as anti-lock braking systems (ABS) to provide better braking performance and safety.

The driver's cabin of a small cargo truck is usually designed to be simple and practical, providing a comfortable driving environment. It may feature adjustable driver's seats, air conditioning systems, audio systems, and convenient storage spaces to enhance driver comfort and convenience.

Safety is also a key consideration in the design of small cargo trucks. They are typically equipped with basic safety features such as airbags, seat belts, and stability control systems to ensure the safety of the driver and cargo.

In summary, a small cargo truck is a compact and versatile commercial vehicle used for transporting small loads and goods. It features an efficient engine, a flexible cargo area, a well-designed suspension system, and basic safety features, providing a reliable solution for the transportation of goods in commercial and industrial sectors.

Vehicle technical parameters		
1	Body size mm:	5990×2180×2455 (length×width×height)
2	engine manufacturer	Jiangling Motors Co., Ltd.
3	Wheelbase mm:	3360
4	Vehicle fully loaded total mass kg:	4490
5	Vehicle curb weight kg:	2565
6	suspension system	Front suspension independent suspension,
7	Approach / departure angle	Rear suspension leaf spring non-independent suspension
8	Front overhang/rear overhang mm	18/15 (°)
9	Axle load	1115/1515 (mm)
10	Number of axes	1760/2730
11	Fuel consumption	2
12	Number of spring leaves	10
13	Number of tires	3/3+2
14	Front wheelbase/rear wheelbase	6
15	Steering Type	1585/1570
16	Minimum ground clearance mm:	steering wheel
17	Minimum turning radius m:	28
18	Fuel type:	6.45
19	Fuel tank volume (L):	diesel fuel
20	engine model	60
21	Way of working:	4D25
22	Exhaust volume ml:	L in-line, four-cylinder, direct injection,
23	Rated power kw(hp)/rpm:	2478
24	Maximum torque Nm/rpm:	112/3250
25	Emission Standards:	375/1500-2500
26	Drive mode	National VI
26	transmission:	Front-wheel drive
28	Top speed km/h:	5/6 speed manual transmission
29	Tire specifications and models	110
30	Braking System	7.00R16LT 10PR
31	Environmental protection standards	Front disc and rear drum

32	Rated passenger capacity (including driver)	GB17691-2018 Country VI
Main vehicle configuration		
33	All-metal non-bearing body,	
34	ABS	
35	manual rear view mirror	
36	Simple backup tool	
37	central locking	
38	cloth seats	
39	The whole car is made of steel wheels, and the full-size steel spare tire	
40	Front electric doors and windows	
41	Cab multifunctional storage box	
42	Original cab heating and cooling system	
43	4-way driver's seat adjustment	
44	gray interior	
45	Cab multifunctional storage box	
46	Full car seat belt	
47	steel wheels	
48	A fire extinguisher	
49	remote key	
50	Single opening flip-down tailgate	
51	Manually flip the front
