

Toyota Highlander SUV Gasoline Powered Cars 7 Seaters Highlander Suv

Our Product Introduction

for more products please visit us on vehicle-automobile.com

Basic Information

- Place of Origin: China
- Brand Name: Toyota
- Model Number: Toyota Highlander urban off-road vehicle SUV gasoline 5-seat/7-seat front-wheel drive 4x2/four-wheel drive 4x4 automatic transmission
- Minimum Order Quantity: 1 vehicle
- Price: \$40,000-\$50,000Dollar
- Packaging Details: Complete vehicle
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 1000 vehicle

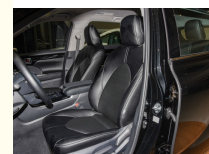

Product Specification

- Body Style: Sedan/Coupe/SUV/Hatchback
- Drivetrain: Front/Rear/All Wheel Drive
- Engine Type: Gasoline
- Exterior Features: Alloy Wheels, Fog Lights, Etc.
- Fuel Efficiency: High
- Infotainment System: GPS, Bluetooth, Etc.
- Interior Features: Air Conditioning, Cruise Control, Etc.
- Maintenance Cost: Low-High
- Number Of Doors: 2-4
- Number Of Seats: 2-5
- Price Range: Low-High
- Safety Features: Airbags, ABS, Traction Control, Etc.
- Transmission: Automatic/Manual
- Highlight: Toyota Highlander SUV Gasoline Powered, Toyota Highlander Gasoline Powered Cars, 7 Seaters Highlander Suv

Product Description

Toyota Highlander urban off-road vehicle SUV gasoline 5-seat/7-seat front-wheel drive 4x2/four-wheel drive 4x4 automatic

An urban SUV, or city SUV, is a compact SUV designed specifically for urban driving. Here is a general description of an urban SUV:

Exterior: Urban SUVs typically feature a higher ground clearance and a rugged exterior design to handle uneven road surfaces and other challenges in urban environments. They are often taller and have a more upright body design with larger wheels to increase off-road capability and maneuverability. The exterior design of urban SUVs can vary depending on the manufacturer and model, but they generally have a rugged, sporty, and modern appearance.

Size and Space: Urban SUVs are typically more compact than traditional SUVs, making them suitable for driving in urban environments. They usually have shorter overall lengths and smaller turning radii, making them more maneuverable on narrow city streets and parking lots. Despite their relatively small size, urban SUVs often provide a higher seating position and ample interior space to offer comfortable seating and sufficient storage capacity.

Drive System: Urban SUVs typically feature front-wheel drive or all-wheel drive systems to provide good handling and stability. Some models may also offer four-wheel drive systems to enhance off-road capabilities and handle adverse weather conditions.

Suspension System: To handle uneven road surfaces in urban areas, urban SUVs are usually equipped with a sturdy suspension system. This helps provide a good suspension travel and shock absorption to reduce the impact of road bumps on passengers.

Safety and Convenience Features: Urban SUVs are often equipped with various safety and convenience features such as anti-lock braking systems (ABS), traction control systems (TCS), electronic stability control (ESC), and rear parking sensors or cameras. These features contribute to enhanced driving safety and convenience.

In summary, an urban SUV is a compact SUV designed for urban driving. They feature a rugged exterior, higher ground clearance, and multifunctionality. Urban SUVs offer improved off-road capability, maneuverability, and comfort in urban environments, making them a versatile choice for daily commuting while being able to handle rough roads and uneven

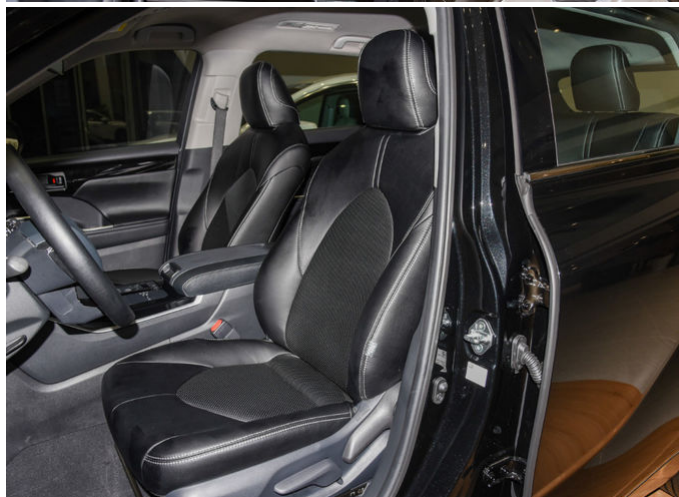

Our Product Introduction

surfaces.

Vehicle technical parameters		
1	Car body dimensions (length × width × height) mm:	4965×1930×1750
2	engine manufacturer	GAC Toyota Motor Co., Ltd.
3	Wheelbase mm:	2850
4	Vehicle fully loaded total mass kg:	2620
5	Vehicle curb weight kg:	1965
6	suspension system	Front suspension MacPherson independent suspension,
7	Approach / departure angle	E-type multi-link independent suspension
8	Front overhang/rear overhang mm	18/22
9	Axle load	880/1045 (mm)
10	Number of axes	1109/1051
11	Fuel consumption	2
12	Number of spring leaves	5.82
13	Number of tires	---
14	Front wheelbase/rear wheelbase	4
15	Steering Type	1655/1660
16	Minimum ground clearance mm:	steering wheel
17	Minimum turning radius m:	200
18	Fuel type:	5.7
19	Fuel tank volume (L):	gasoline
20	engine model	65
21	Way of working:	A25D
22	Exhaust volume ml:	L in-line, four-cylinder, direct injection, 16 valves
23	Rated power kw(hp)/rpm:	2487
24	Maximum torque Nm/rpm:	139
25	Emission Standards:	236/3500-4500
26	Drive mode	National VI
26	transmission:	Front-wheel drive/front-wheel drive
28	Top speed km/h:	Infinitely variable automatic transmission
29	Tire specifications and models	180
30	Braking System	235/65 R18
31	Environmental protection standards	front disk rear disk
32	Rated passenger capacity (including driver)	GB17691-2005 (National VI)
Main vehicle configuration		
33	All-metal enclosed load-bearing body,	
34	ABS/EBD/EBC, EBA/EBS/BA, ASR/TCS/TRC, ESC/ESP/DSC	
35	Electric rearview mirror	
36	LED headlight	
37	Skylight	
38	automatic air conditioner	
39	central locking	
40	Cloth/imitation leather seats	
41	All-car aluminum alloy wheels, non-full-size spare tire	
42	Electric doors and windows	
43	Driver's seat (main and auxiliary) airbags, front side airbags, front and rear head airbags	
44	remote key	
45	Heating and cooling system	
46	Tire pressure display	
47	Hill assist	
48	low speed warning	
49	Cab multifunctional storage box	
50	Full car seat belt	
51	8-inch central touch LCD display	
52	Anti-glare interior rearview mirror	
53	Type-C charging interface	
54	6 speaker speaker
