

## BYD Song L Sedan 5 Seater Two Wheel Drive 4x2 Range Of 500 Kilometers

Our Product Introduction

for more products please visit us on [vehicle-automobile.com](http://vehicle-automobile.com)

### Basic Information

- Place of Origin: China
- Brand Name: BYD
- Model Number: BYD Song L pure electric sedan 5-seater two-wheel drive 4x2 automatic transmission has a range of 500 kilometers
- Minimum Order Quantity: 1 vehicle
- Price: \$30,000-\$40,000Dollar
- Packaging Details: Complete vehicle
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 1000 vehicle

### Product Specification

- Braking System: Air Brake
- Color Options: White, Black, Red, Blue
- Engine Type: Diesel
- Steering Type: Rack And Pinion
- Transmission Type: Manual
- Vehicle Type: Minibus
- Highlight: BYD Song L Sedan , BYD Song L 5 Seater , 5 Seater BYD Song L

### Product Description

BYD Song L pure electric sedan 5-seater two-wheel drive 4x2 automatic transmission has a range of 500 kilometers

1. BYD Song L adopts its latest design concept, "Pioneer Dragon Face Aesthetics", and is positioned as a B-class pioneer hunting SUV. It can be said to be the blockbuster model of BYD's Dynasty series in the second half of the year, shouldering a heavy responsibility. The "L" in Song L represents five meanings, namely light, level, link, luxury, and lead, which also represent different meanings.
2. In terms of appearance, it is mainly the dragon-faced aesthetics and the style of the hunting suit that make it look bright all of a sudden. The front face is wide and full, and the light strips on both sides echo the two dragon teeth rising up on the lower bumper, creating a strong visual impact. At the same time, the designs of 3D dragon whiskers, dragon crystal headlights, streamer domes, etc. are also very recognizable. The rear of the car echoes the front face, and is also full of technology and sportiness.
3. The length, width and height are 4840/1950/1560mm respectively, and the wheelbase is 2930mm. This data is a very good guarantee for space. The three BYD star technologies of "e Platform 3.0, CTB, and Yunnan-C" have created Song L's powerful sports genes. Song L is built based on the e-platform 3.0 medium-sized B-class platform. It has the four major characteristics of "safety, efficiency, intelligence, and aesthetics" and is born powerful! With the support of CTB battery body integration technology, Song L's body torsional stiffness exceeds 40,000 Nm/degree, which is comparable to million-dollar luxury cars. In addition, the "space utilization rate" and "energy density" have also been greatly improved, and both the low-lying shape and spacious space can be achieved. Song L will also be equipped with "Yunnan C", which has millisecond-level damping adjustment speed and delicate vibration filtering capabilities. Accelerate and brake sharply without obvious pitch; high-speed cornering, stable control, perfect balance between comfort and control. In terms of interior configuration, BYD Song L is equipped with a 15.6-inch high-definition central control screen, 50-inch AR-HUD head-up display, DMS fatigue monitoring function, HiFi-level customized Dynaudio audio, active fragrance system and

multi-functional comfortable seats.

At the same time, it is equipped with the DiPilot intelligent driving assistance system, which has more than 30 auxiliary functions, such as high-speed assistance, intelligent piloting, automatic parking, etc.

Vehicle technical parameters		
1	Car body dimensions (length × width × height) mm:	4840×1950×1560
2	engine manufacturer	BYD Automobile Industry Co., Ltd.
3	Wheelbase mm:	2930
4	Vehicle fully loaded total mass kg:	2265
5	Vehicle curb weight kg:	2640
6	suspension system	Front suspension MacPherson independent suspension,
7	Approach / departure angle	Multi-link independent suspension
8	Front overhang/rear overhang mm	16/19
9	Axle load	923/987(mm)
10	Number of axes	1199/1441
11	Fuel consumption	2
12	Number of spring leaves	13 degrees
13	Number of tires	---
14	Front wheelbase/rear wheelbase	4
15	Steering Type	1669/1682
16	Minimum ground clearance mm:	steering wheel
17	Minimum turning radius m:	147
18	Fuel type:	5.45
19	Battery energy:	pure electricity
20	motor model	75kWh
21	Motor quantity:	TZ200XYC
22	NEDC pure electric cruising range:	single motor
23	Rated power kw(hp)/rpm:	500km
24	Maximum horsepower (PS):	230
25	Emission Standards:	312
26	Drive mode	National VI
26	transmission:	Front wheel drive
28	Top speed km/h:	automatic transmission
29	Tire specifications and models	201
30	Braking System	235/50R19
31	Environmental protection standards	front disk rear disk
32	Rated passenger capacity (including driver)	GB17691-2005 (National VI)
Main vehicle configuration		
33	All-metal enclosed load-bearing body,	
34	ABS/EBD/EBC, EBA/EBS/BA, ASR/TCS/TRC, ESC/ESP/DSC	
35	Electric rearview mirror	
36	LED headlight	
37	Sunroof (available on high-end models)	
38	automatic air conditioner	
39	central locking	
40	Imitation leather seats	
41	All-car aluminum alloy wheels, non-full-size spare tire	
42	Front electric doors and windows	
43	Driver's seat (main and auxiliary) airbags, front side airbags,	
44	remote key	
45	Original cab heating and cooling system	
46	Tire pressure display	
47	Body metallic paint	
48	high mounted brake light	
49	Cab multifunctional storage box	
50	Full car seat belt	
51	Adjustable seat back	
52	visual image	
53	cruise control	
54	Simple backup tool
