

China Dongfeng Tourist Bus Business Reception Bus 10-19 Seats Diesel RWD Manual Transmission 4x2

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Fushunt
- Model Number: China Dongfeng Tourist Bus Business Reception Bus 10-19 Seats Diesel RWD Manual Transmission 4x2
- Minimum Order Quantity: 1 vehicle
- Price: \$35,000-\$45,000Dollar
- Packaging Details: Complete vehicle
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 1000 vehicle

Product Specification

- Airconditioning: Yes
- Audio System: Yes
- Audiosystem: Yes
- Bathroom: Yes
- Capacity: 10-19 Seats
- Environmental Friendliness: Euro VI Emission Standards
- Gps Navigation System: Yes
- Interior Features: Spacious And Comfortable Seating, High-quality Materials, Adjustable Armrests
- Lightingsystem: Yes
- Luggage Storage: Underneath And Overhead Compartments
- Model: Turismo
- Safety: Seat Belts
- Transmission: 8-speed Automatic Transmission
- Highlight: **RWD Dongfeng Tourist Bus, 10-19 Seats Diesel RWD Manual Transmission 4x2**

Product Description

China Dongfeng Tourist Bus Business Reception Bus 10-19 Seats Diesel RWD Manual Transmission 4x2

Sure! Here's a segmented description of a tourist and business reception coach, organized clearly:

Vehicle Type and Purpose: A tourist and business reception coach is a specialized vehicle designed for accommodating and transporting business travel groups. It is custom-designed based on client requirements and provides a comfortable seating environment and convenient business facilities to meet the needs of business travel.

Interior Layout and Seating Configuration: The interior layout of a tourist and business reception coach emphasizes comfort and convenience. It is typically equipped with comfortable seats that offer ample legroom and adjustable features for enhanced passenger comfort. Additionally, the vehicle may include foldable tables, cup holders, entertainment systems, and charging outlets as business amenities.

Air Conditioning and Comfort: Tourist and business reception coaches are typically equipped with powerful air conditioning systems to ensure a comfortable interior temperature. They may feature individually controlled air conditioning zones to cater to different passenger preferences. The vehicle's interior may also be fitted with soundproofing materials to reduce noise and provide a quieter riding environment.

Communication and Connectivity Features: To meet business needs, tourist and business reception coaches are often equipped with communication and connectivity features. These may include wireless internet connectivity, Bluetooth connections, USB charging ports, and power outlets for electronic devices. Some vehicles may also have built-in displays or projectors to facilitate business presentations and meetings.

Safety and Comfort: Tourist and business reception coaches prioritize passenger safety and comfort. They typically come equipped with safety belts, emergency exit signs, anti-lock braking systems, and stability control systems for active and passive safety. The vehicle's suspension system may utilize air suspension or shock absorbers to provide a smoother and more comfortable ride experience.

By providing the above segmented description, we can clearly understand the type and purpose of a tourist and business reception coach, its interior layout and seating configuration, air conditioning and comfort features, communication and connectivity functionalities, as well as safety and comfort aspects. These descriptions help us understand the business travel services offered by the coach and its provision of a comfortable and convenient seating environment and amenities for business teams.
