

Dongfeng Four Wheel Drive Off Road Minibus Highway Bus 10-17 Seats 4x4 Diesel Manual Transmission

Our Product Introduction

for more products please visit us on vehicle-automobile.com

Basic Information

- Place of Origin: China
- Brand Name: Fushunt
- Model Number: Dongfeng four-wheel drive off-road minibus highway bus 10-17 seats 4x4 diesel manual transmission
- Minimum Order Quantity: 1 vehicle
- Price: \$50,000-\$60,000Dollar
- Packaging Details: Complete vehicle
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 1000 vehicle

Product Specification

- Features: Reclining Seats, Air Conditioning, Onboard Restroom
- Accessibility: Wheelchair Lift, Low Floor Design
- Air Conditioner: Yes
- Audiosystem: Yes
- Cruise Control: Yes
- Driver Amenities: Air Ride Seat, Ergonomic Controls
- Fuel: Diesel
- Safetysystem: Yes
- Size: Large
- Steering: Power Steering
- Suspension: Air Ride
- Suspension System: Independent Suspension
- Transmission: Allison B500
- Videosystem: Yes

Dongfeng Four-Wheel Drive Off-Road Minibus Highway Bus 10-17 Seats 4x4 Diesel Manual Transmission

Sure! Here's a segmented description of a four-wheel drive (4WD) passenger vehicle, organized clearly:

Vehicle Type and Purpose: A four-wheel drive passenger vehicle is a specialized vehicle designed for passenger transportation, equipped with a 4WD system to tackle various road conditions and terrain challenges. It is commonly used for tourism, outdoor adventures, or off-road activities, providing a safe and comfortable riding experience.

Vehicle Size and Seat Layout: Four-wheel drive passenger vehicles are typically larger in size to accommodate more passengers and luggage. They may have multiple seating arrangements, such as bus-style, luxury seat-style, or cabin-style, to meet different customer needs. The seats are often made of comfortable materials and provide sufficient legroom and adjustable features to ensure a comfortable riding experience for passengers.

Comfort and Convenience Facilities: Four-wheel drive passenger vehicles prioritize passenger comfort and convenience. They may be equipped with an air conditioning system to ensure a pleasant temperature inside the vehicle. Additionally, the vehicle may feature comfortable seats with armrests, cup holders, entertainment systems, and charging sockets to enhance the riding experience and convenience for passengers.

Safety and Driver Assistance Features: Four-wheel drive passenger vehicles typically come with various safety and driver assistance features to enhance passenger and driver safety. These features may include anti-lock braking systems (ABS), electronic stability control (ESC), brake assist systems (BAS), and airbags, providing improved driving safety and protection.

Off-Road Performance and 4WD System: The core feature of a four-wheel drive passenger vehicle is its 4WD system, which provides excellent off-road performance. The 4WD system typically offers different driving modes, such as 2H (rear-wheel drive), 4H (full-time 4WD), and 4L (low-range 4WD), to adapt to different road conditions and driving requirements. It may also be equipped with traction control systems, hill descent control systems, and differential lock functions to provide better traction and off-road capabilities.

By providing the above segmented description, we can clearly understand the type and purpose of a four-wheel drive passenger vehicle, its vehicle size and seat layout, comfort and convenience facilities, safety and driver assistance features, as well as off-road performance and 4WD system. These descriptions help us understand the comfort, safety, and superior off-road performance provided by a four-wheel drive passenger vehicle in tackling various road conditions and terrain challenges.

Vehicle technical parameters		
1	Car body dimensions (length × width × height) mm:	Weichai Power Co., Ltd.
2	engine manufacturer	3300
3	Wheelbase mm:	7300
4	Vehicle fully loaded total mass kg:	5560
5	Vehicle curb weight kg:	The front suspension steel plate is non-independent suspension, and the rear steel plate is non-independent suspension.
6	suspension system	22/25
7	Approach / departure angle	1340/1350 (mm)
8	Front overhang/rear overhang mm	3200/4100
9	Axle load	2
10	Number of axes	12.5
11	Fuel consumption	10/10+8
12	Number of spring leaves	6
13	Number of tires	1810/1700
14	Front wheelbase/rear wheelbase	steering wheel
15	Steering Type	3400
16	Minimum ground clearance mm:	8.7
17	Minimum turning radius m:	diesel fuel
18	Fuel type:	150
19	Fuel tank volume (L):	170E61
20	engine model	L in-line, four-cylinder, turbocharged direct injection, 16 valves
21	Way of working:	4088
22	Exhaust volume ml:	125
23	Rated power kw(hp)/rpm:	390/1750-4500
24	Maximum torque Nm/rpm:	National VI
25	Emission Standards:	Front four-wheel drive
26	Drive mode	5 speed manual transmission
26	transmission:	100
28	Top speed km/h:	8R19.5
29	Tire specifications and models	front drum, rear drum

30	Braking System	GB17691-2005 (National VI)
31	Environmental protection standards	10-17 people
32	Rated passenger capacity (including driver)	Weichai Power Co., Ltd.
Main vehicle configuration		
33	All-metal enclosed non-load-bearing body,	
34	ABS/EBD/EBC,	
35	manual rear view mirror	
36	Halogen headlights	
37	3 keys	
38	Manual air conditioner	
39	central locking	
40	cloth seat	
41	All steel wheels, non-full-size spare tire	
42	Manual doors and windows	
43	Driver's seat 6-way adjustment	
44	Multifunctional storage box	
45	Heating and cooling system
